## **RESEARCH STUDENTSHIP FUND – INFORMATION SHEET**

The Cambridge Philosophical Society has established a Research Studentship Fund for the award of studentships or grants for research in any of the natural sciences or any branch of technology or mathematics. The purpose of these awards is to provide for the continuation of an exceptionally promising piece of research beyond the usual standard of the PhD or alternatively to allow extra time for the completion of a PhD thesis which has been delayed by circumstances outside the applicant's control. Awards will be tenable for a period not exceeding three months. The level of demand for awards is such that it is unlikely that more than £500 (equivalent to one month's support) will be awarded other than in exceptional cases. In 2004 a total of 66 awards were made. The Society cannot make any contributions towards fees, travelling expenses, etc.

Applicants for awards must be Fellows of the Philosophical Society of at least one year's standing at the closing date for applications. They must be Registered Graduate Students of the University, though in exceptional circumstances this latter condition may be waived. In making awards the Society will have regard to the specific piece of research proposed, to the proven ability of the applicant, and to the other sources of funds for which the applicant may be eligible. Applicants should describe the aims of their research and report on progress to date including a full explanation for any delays that have occurred. A reasoned estimate of the time necessary for these research aims to be achieved should be provided.

Each applicant should ensure that their application is supported by written statements from their supervisor and one other referee which should be sent **IN CONFIDENCE** to the Executive Secretary at the Society's office to arrive no later than the closing date. It is the responsibility of the applicant to ensure that all references are received by the closing date. Applications that are not fully supported by the closing date will not be considered.

Applications for awards must reach the Executive Secretary of the Society by **30 SEPTEMBER**. Successful applicants will receive payments at agreed intervals after application to the Treasurer of the Society and they will be required to furnish a report of the work carried out during the tenure of the award.

Applicants who have previously received a Research Studentship award from the Cambridge Philosophical Society are not eligible to apply for further awards.

***Application forms are available from the Executive Secretary, Cambridge Philosophical Society, Arts School, Bene't Street, Cambridge CB2 3PY (telephone 334743).***

***Applicants should also seek other possible sources of funds, including their College and Department.***
